Managing Your NetID

The NetID Management Tool (yale.edu/netid) allows you to:

- Activate your NetID
- Reset your password using recovery email
- Change your password
- Change your recovery email
- View the security of your account
- View owned Dependent NetIDs
- Manage DUO devices

Activate NetID

- Activate your NetID so you can access Yale electronic resources

The screenshot shows the NetID Management website interface. At the top, there is a dark blue header with the text "NetID Management" in white. To the right of the header is a "Help" link. Below the header, the page is divided into two main sections. On the left, under the heading "Manage Account", there is a list of links: "Activate NetID", "Forgot NetID Password", "Change NetID Password", "Change Recovery Email", "Security Checkup", "Find Dependent NetID", and "Manage DUO Devices". A black arrow points to the "Activate NetID" link. On the right, under the heading "Welcome to NetID Management", there is a paragraph of text: "Your Yale NetID provides access to important Yale electronic resources. Use this website to ensure your account is fully secure and functional." At the bottom of the page, there is a footer with the Yale logo, the text "Copyright © 2021 Yale University. All Rights Reserved.", and two links: "Accessibility at Yale" and "Privacy Policy".

NetID Management

Manage NetID Account [Help](#)

Your NetID Is Active

Your NetID (ip298) is now active and your password has been set. Your NetID and password will give you access to Yale's network and its many online systems, including your Yale email account. Please be sure to remember your NetID information and keep it safe.

Next Steps...

Step 1: Manage DUO Devices

DUO Multi-factor Authentication provides a second layer of protection for your Yale logins. You will need to ensure your DUO account is setup correctly before you can log into any Yale systems.

[MANAGE DUO DEVICES](#)

Step 2: Verify Your Recovery Email

An email has been sent to your non-Yale email address. Check your email and click the link to validate your recovery email address.

[DONE](#)

Activate NetID: Verify recovery email

Open your recovery email account and click 'verify email address'. You will then be able to use the 'Forgot NetID Password' option from the main menu.

NetID Management

Your NetID is active - Please verify your recovery email

NetID: ip298

Your NetID is now active and your password has been set. Your NetID and password will give you access to Yale's network and its many online systems, including your Yale email account. Please be sure to remember your NetID information and keep it safe.

Click the link below to activate your recovery email account as a recovery method for a forgotten password.

VERIFY EMAIL ADDRESS

Security Checkup

- **Password Strength** : Yale switched to Microsoft's password complexity rules in June 2020. If your password was last reset prior to that date you are required to change your password one additional time.
- **Recovery Email**: Yale replaced security questions with a recovery email for self service password resets. If you have not already done so, you are required to validate your recovery email.
- **Email Security**: Microsoft will no longer support less secure logins. If your account is using less secure logins, you are required to update your email security in this section of the tool.

The screenshot shows the 'NetID Management' interface. At the top, there is a dark blue header with the text 'NetID Management'. Below the header, there is a white navigation bar with 'Manage NetID Account' on the left and 'Help' on the right. The main content area is divided into two columns. The left column is titled 'Manage Account' and contains a list of links: 'Activate NetID', 'Forgot NetID Password', 'Change NetID Password', 'Change Recovery Email', 'Security Checkup', 'Find Dependent NetID', and 'Manage DUO Devices'. The right column is titled 'Security Checkup' and shows the user's NetID as 'ip298'. Below this, there are three rows, each with a green checkmark icon, a text label, and a downward arrow icon. The rows are: 'Password Strength', 'Recovery Email', and 'Email Security'. At the bottom of the right column, there is a dark blue button with the text 'DONE'. At the bottom of the page, there is a footer with the Yale logo, the text 'Copyright © 2021 Yale University. All Rights Reserved.', and links for 'Accessibility at Yale' and 'Privacy Policy'.

Email Security

NetID: ip298

One or more of your devices requires an important email security update to disable less secure logins. Microsoft and Google will soon disable support for less secure logins automatically. To avoid disruption, update your email security now:

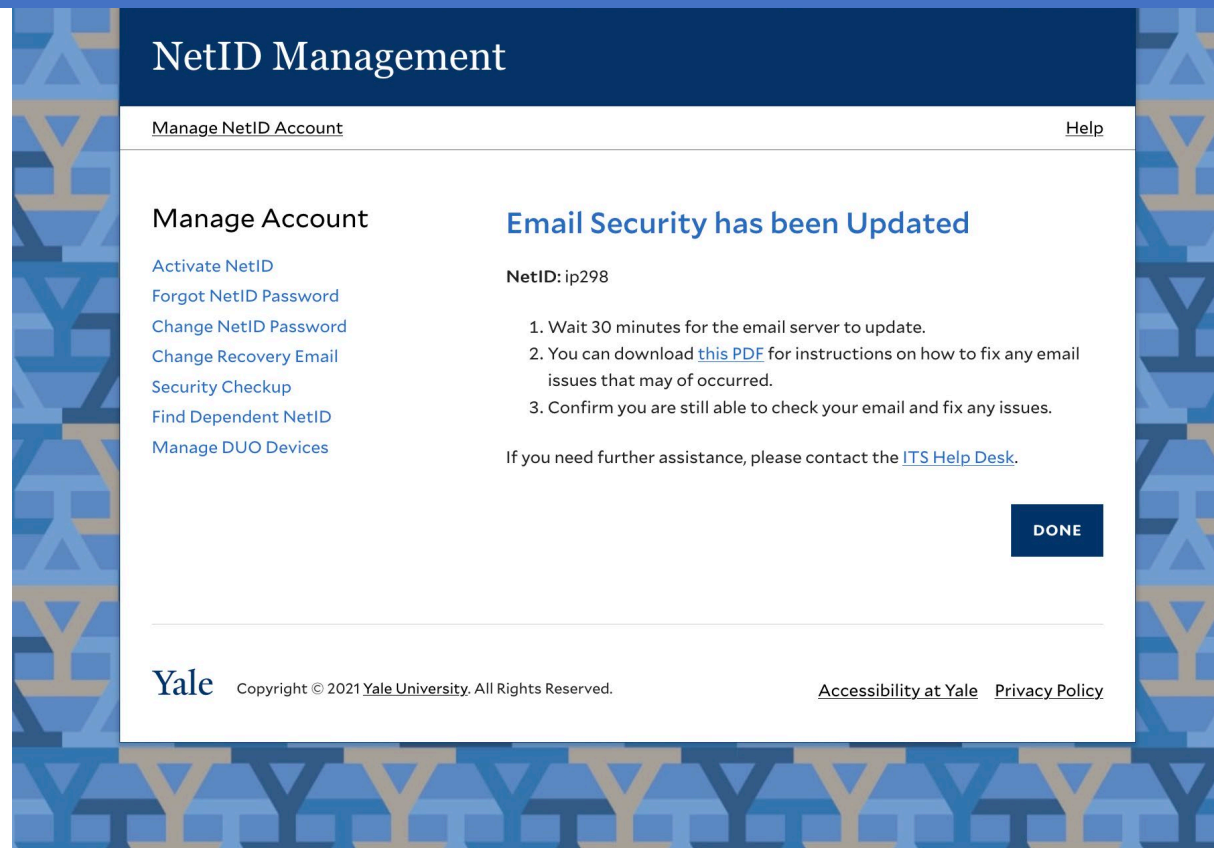

1. Download [this PDF](#) for instructions on how to fix any email issues that may occur.
2. Click the "Update email security" button.
3. Wait 30 minutes for the email server to update.
4. Confirm you are still able to check your email and fix any issues.

Security Checkup: Email Security

Email security has been updated, you can download the PDF for future reference.

The screenshot shows the NetID Management website interface. At the top, there is a dark blue header with the text "NetID Management" in white. Below the header, there is a navigation bar with "Manage NetID Account" on the left and "Help" on the right. The main content area is divided into two columns. The left column is titled "Manage Account" and contains a list of links: "Activate NetID", "Forgot NetID Password", "Change NetID Password", "Change Recovery Email", "Security Checkup", "Find Dependent NetID", and "Manage DUO Devices". The right column is titled "Email Security has been Updated" and contains the following text: "NetID: ip298", a numbered list of three instructions, and a link to the "ITS Help Desk". A dark blue button labeled "DONE" is positioned at the bottom right of the notification area. At the bottom of the page, there is a footer with the Yale logo, copyright information, and links for "Accessibility at Yale" and "Privacy Policy".

Activate your NetID with Slate credentials

Activate your NetID by selecting the 'Yale Admissions Status Portal Login' button

The screenshot shows the 'NetID Management' page. At the top, there is a dark blue header with the text 'NetID Management'. Below this, the page is divided into two main sections. The first section is titled 'Activate Your NetID' and contains the following text: 'If you are an incoming first-year, transfer, or Eli Whitney undergraduate student, please use your Yale Admissions Status Portal Sign In below to activate your NetID.' Below this text is a prominent dark blue button with the text 'YALE ADMISSIONS STATUS PORTAL LOGIN'. Below the button, there is a horizontal line with the word 'Or' in the center. The second section contains the text: 'For any other NetID activations, please enter your pre-assigned 8 character PIN and date of birth below to activate your NetID. Once your NetID is activated the PIN is no longer valid.' Below this text are three input fields: '8 Character PIN' with a text box containing 'XXXXXXXX', 'Birth Date' with three dropdown menus for 'Month', 'Day', and 'Year', and three buttons: 'CANCEL', 'PREVIOUS', and 'NEXT'. At the bottom of the page, there is a footer with the Yale logo, the text 'Copyright © 2020 Yale University. All Rights Reserved.', and the word 'Accessibility'.

Create Your NetID Password

NetID: ip298

Create your NetID password below. Please follow these [best practices](#) before you change your password. Yale University follows the [following protocol for password security](#). Here are some basic rules to follow:

- Use a long password (8-127 characters)
- Use a mix of characters (letters, numbers and special characters except < > & \, " ' :)
- Avoid your NetID, dictionary words, proper nouns and their common substitutions (e.g. doorbell -> d00rbe11)

Activate NetID

Your NetID is now active, be sure to setup DUO and verify your recovery email

NetID Management

[Manage NetID Account](#) [Help](#)

Your NetID Is Active

Your NetID (ip298) is now active and your password has been set. Your NetID and password will give you access to Yale's network and its many online systems, including your Yale email account. Please be sure to remember your NetID information and keep it safe.

Next Steps...

Step 1: Manage DUO Devices

DUO Multi-factor Authentication provides a second layer of protection for your Yale logins. You will need to ensure your DUO account is setup correctly before you can log into any Yale systems.

[MANAGE DUO DEVICES](#)

Step 2: Verify Your Recovery Email

An email has been sent to your non-Yale email address. Check your email and click the link to validate your recovery email address.

[DONE](#)

Activate NetID: Verify recovery email

Open your recovery email account and click 'verify email address'. You will then be able to use the 'Forgot NetID Password' option from the main menu.

NetID Management

Your NetID is active - Please verify your recovery email

NetID: ip298

Your NetID is now active and your password has been set. Your NetID and password will give you access to Yale's network and its many online systems, including your Yale email account. Please be sure to remember your NetID information and keep it safe.

Click the link below to activate your recovery email account as a recovery method for a forgotten password.

VERIFY EMAIL ADDRESS

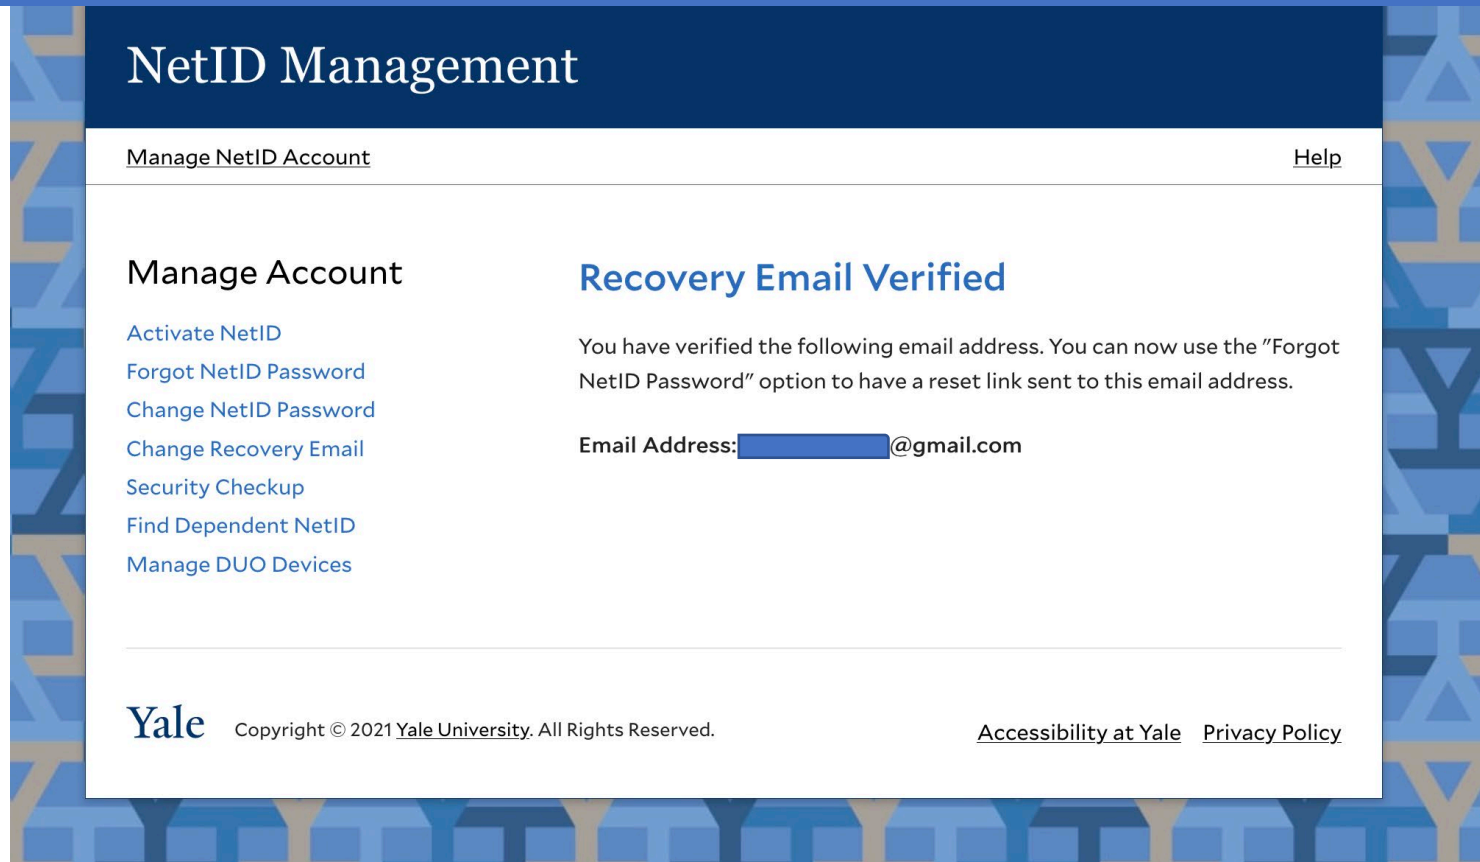

If you did not make this request, please contact **ITS Help Desk** at 203-432-9000 or submit a ticket at <https://helpme.yale.edu>

Do not reply to this email. This message was auto-generated by the Yale NetID Management system.

Activate NetID: Verify recovery email

Once the recovery email has been successfully verified, a confirmation screen will display and a confirmation email will be sent to your recovery email address.

The screenshot displays the NetID Management interface. At the top, there is a dark blue header with the text "NetID Management". Below this, a white navigation bar contains "Manage NetID Account" on the left and "Help" on the right. The main content area is split into two columns. The left column, titled "Manage Account", lists several options: "Activate NetID", "Forgot NetID Password", "Change NetID Password", "Change Recovery Email", "Security Checkup", "Find Dependent NetID", and "Manage DUO Devices". The right column, titled "Recovery Email Verified", contains a confirmation message: "You have verified the following email address. You can now use the 'Forgot NetID Password' option to have a reset link sent to this email address." Below this message, the verified email address is shown as "Email Address: [redacted]@gmail.com". At the bottom of the page, the Yale logo is on the left, followed by the copyright notice "Copyright © 2021 Yale University. All Rights Reserved.", and "Accessibility at Yale" and "Privacy Policy" links are on the right.
